## The Under-13s took centre stage on Sunday

The ISRF for Prep Schools is running alongside the College event

While the under-14s, 15s and 18s took a break on Sunday at the 2026 ISRF, brought to you by Absa, the under-13 teams had their chance to shine, with five games taking place up on the St David's Marist Inanda Prep School's Le Rosey Field.

The standouts on the day were Woodridge Preparatory School who notched up their second 40-point score, and Bishops Prep, who recorded their second win of the weekend.

The ISRF is, by its nature, not a high level competitive event and that applies particularly to the Prep School teams who are finding their way in the game.

It is primarily an opportunity for these teams to play against like-minded schools, which is important given the predominance of the Afrikaans medium schools at this level.

The standard of play was, never-the-less, remarkably good, given that many of the schools involved are new to the game.
